

DIY Anti-Fog Spray

Materials:

- White Vinegar
- Hot Water
- Spray Bottle (slightly larger than 1 quart)
- Clean lint-free microfiber cloth

Step 1 Pour 2 oz of white vinegar into the spray bottle.

Step 2 Add 1 quart of hot water into the spray bottle.

Step 3 Put the cap on the spray bottle and gently shake to mix liquids thoroughly.

Step 4 Apply to your face shield and wipe clean with a lint-free microfiber cloth (to avoid scratches).
